EDUCATION

B.S. Computer Science - Software Engineering - University of Nevada, Las Vegas 2018
Core Engineering GPA: 3.17 / Cumulative: 3.0

EXPERIENCE

Web Developer - Adobe Communications Electronics, Inc. May 2016 - Present

- Mobile and Web UX/UI Designer.
- Create graphic designs and responsive layouts, then convert them into reusable code.
- Carry out quality assurance tests to discover errors, optimize page's usability and performance.
- Create web-forms/test-reports for testing equipment, utilizing REST architecture and ASP.NET Core MVC framework.
- Create and update SSL certificates, maintain FTP and email servers, Office 365, SEO.

Project Engineer - Adobe Communications Electronics, Inc. Jun 2016 - Present

- Assist senior project managers designing and engineering low voltage systems and controls.
- Join project design meetings, create meeting minutes, Gantt charts, work schedules.
- Develop project concepts and maintain optimal workflow, prepare submittals.
- Create/revise/update project drawings, specs, code, RFIs, and closeout documents.
- Assist with drafting of scope of work, requests for contracts, change orders and purchase orders.
- Communicate and coordinate with the production and review of engineering designs for multiple projects, while applying project management fundamentals to ongoing projects.
- Adapt to the necessities of technologically complex projects to provide valid and reliable engineering design documentation, while acting proactively to minimize problems.
- Communicate with higher management and clients to update project information as needed.
- Worked on the design and engineering of an RF system rehabilitation project at the CCWRD utilizing AutoCAD, Adobe Acrobat, Illustrator, and Photoshop to generate plans and RF signal strength heat maps for multiple frequencies for 15 buildings.

SKILLS

Programming Languages

- *Assembly / C / C++ / C# / CSS / HTML / JavaScript / Python / PHP*

Spoken Languages - both written and verbal

- *English, Spanish, and Portuguese*

Web Development Frameworks

- *Angular / Bootstrap / Node.JS / React.JS / JQuery / Json / ASP.NET Core MVC*

Design Software Applications

- Adobe Creative Cloud Applications:
 - *Adobe Acrobat DC / Adobe Dreamweaver*
 - *Adobe Illustrator / Adobe InDesign / Adobe XD / Adobe Photoshop*
- AutoCAD

PROJECTS

UNLV IEH Team - Best CS project proposal design 2018.

- **Team Leader** - Lead in development of iOS application with dynamic database in cloud.
 - Exposure to DevOps: AGILE / SCRUM / Waterfall
 - Visual Studio / Xamarin / C++ / C# / MongoDB
